Keys to Internet Predators
April 18, 2009**

Today's Legal Issues Confronting School Districts
Class will run from 9:00—12:00

Today's Legal Issues Confronting School Districts (WVEOP sponsored)

Were you wondering if your School District is up to date on legal issues? If so, this is the class for you. The presentation will cover: boundary invasion, reporting laws for misconduct of teachers/mandatory reporting laws, RIF's, custody issues/releasing children because of divorce and custody, how to handle threats in schools, playground supervision and "sexting".

Bring your questions. At the end of the presentation you will be able to ask Jerry and Jenny your questions.

Jerry Moberg, lead counsel and Jenny Gunderson from Canfield Associates

Keys to Internet Predators
Class will run from 1:00—4:00

Keys to Internet Predators (WAEOP sponsored)

Do you often worry about internet predators? Your own personal information being used by others in a destructive manner. Learn how long it takes someone to find out your personal information and physically find you. You will be surprised. Learn why your child's Myspace/Facebook information may not be secure even if they have it marked private and only let their friends on their page. Cyber bullying will also be covered. Come learn some of the keys to protect yourself and your family!
